

{emailcloak=off}

We function as a service provider at local authority level.

For the town of Schönebeck (Elbe) we undertake duties related to urban cleaning, road maintenance, winter clearance and removal of oil spillages.

Our sphere of responsibility also includes the installation and maintenance of traffic management systems, urban traffic lights and street lighting.

We are also responsible for the maintenance and cultivation of public green spaces, playgrounds and cemeteries.

Our first priority is to cater to the needs of our customers and ensure satisfaction with our services.

Let us know what we can do for you!
